Poplar Hill Pre-Release Unit and the Somerset SHA Team Up to Help Local Hospital

In preparation for the upcoming groundbreaking ceremony on October 15, 2008 for a new nursing home and assisted living facility at the McCready Hospital in Crisfield Maryland, local area agencies have teamed up to lend a helping hand.

The Poplar Pre-Release Facility, in Quantico Maryland, provided an 8 man detail under the direct supervision of Officers F. Boone and P. Deweerdt, while the Somerset State Highway Administration provided a driver, Charles James, along with a dump truck for the detail.

The combined detail was at the hospital the entire week of October 6 through October 10, 2008. The PHPRU detail provided the labor for landscaping and general painting at the hospital and the Somerset SHA was responsible for hauling all debris away from the site.
